me: I just thought of a great gag
me: a cartoon with LBJ saying to college-aged kids
me: "You can be my military adviser."
Caleb: How about a pig at the complaint department saying, "I wish I was taller"?
me: Vietnam is a safety hazard
Caleb: Hi, this Ho Chi Minh.
Caleb: There's a bomb in your oven.
me: HO CHI MINH!
me: HO CHI MINH!
Caleb: What the hell is that GoD thing?
me: hacker shit
me: seems to contain things
me: not sure what yet
me: but the guy who gave it to me is some high-caliber old-scholl hardcore fellow, I'm told by my Project PM military advisers
me: ah
me: was just told
me: it's their new zine, for new group
me: and contains evidence they've been all through Yahoo servers
me: and Google's
me: so, they're basically the best out there at the moment
Caleb: Weird, wild stuff.
